Section I (SAN Storage)

- Maximum Delivery Time: 45 Days for this section, delivery timeline over this will be disqualified.

No		Item Description	Yes/No - Proposed solution including part numbers.
1.1	Operating System & Clustering Support	The storage array should support industry-leading Operating System platforms including: Windows 2012 / 2016, , VMware and Linux. Offered Storage Shall support all above operating systems in Clustering.	
1.2	Capacity	The Storage Array shall be offered with the following config: <ul style="list-style-type: none"> • 4800GB RAW capacity using 12G SAS Mixed Use SFF (2.5in) Solid State Drive • 33.6TB RAW capacity using 12G SAS 10K SFF (2.5in) Enterprise Hard Drive. • 24TB RAW capacity using 12G SAS 7.2K LFF (3.5in) Midline Hard Drive. 	
1.3	Scalability	The storage subsystem shall support SFF and LFF drives with the addition of required disk enclosures. Storage shall be scalable to minimum of 150 number of drives or greater than 600TB using SFF SAS drives.	
1.4	Front-end Ports	Offered Storage system shall be supplied with minimum of Dual 16Gbps FC ports and Dual 10Gbps iSCSI ports per controller. Offered storage shall have flexibility to use all above ports either as FC or iSCSI by replacing the requisite SFP. Vendors shall provide the additional SFP accordingly. In case, vendor doesn't support this feature, then every controller shall be populated upfront with 4 x 16Gbps FC ports and 4 x 10Gbps iSCSI ports Minimum 3 Meter cable with the required transceivers for FC and iSCSI connectivity should be included.	
1.5	Architecture	The storage array should support dual, redundant, hot-pluggable, active-active array controllers for high performance and reliability Offered Storage Array shall be configurable in a No Single Point of failure including Array Controller card, Cache memory, FAN, Power supply etc.	
1.7	Cache	Offered Storage Array shall be given with Minimum of 8GB cache per controller in a single unit. Offered storage shall have support for SSD/Flash based Cache. Offered Storage shall support at-least 1TB of Flash cache. Cache shall be backed up in case of power failure for indefinite time either using batteries or capacitors or any other equivalent technology.	

1.8	Raid Support	Offered Storage Subsystem shall support Raid 0, 1, 1+0, 5 and Raid 6	
1.9	Point in time and clone copy	Offered Storage array shall be configured with array-based Snapshot and clone functionality and shall be configured for minimum of 512 snapshot licenses.	
1.10	Replication	Offered storage subsystem shall support storage-based replication to DR location, licensing must be included.	
1.11	Virtualization and Thin provisioning	Offered storage shall be offered and configured with virtualization capability so that a given volume can be striped across all spindles of given drive type within a given pool Offered Storage shall be offered and configured with Thin Provisioning capability and licensing.	
1.12	Data Tiering	Offered Storage shall also be offered and configured for Sub-Lun Data tiering in real time fashion across different type of drives within a given pool like SSD, SAS, NL-SAS etc. If licensing is required, it should be included. <ul style="list-style-type: none"> • Performance Tier, Standard Tier, Archive Tier 	
1.13	Global and dedicated Hot Spare	Offered Storage Array shall support Global Hot Spare for offered Disk drives. Optional: Storage subsystem shall also have the flexibility to assign dedicated spare for raid sets.)	
1.14	Logical Volume & Performance	Storage Subsystem shall support minimum of 512 Logical Units. Storage Array shall also support creation of more than 100TB volume at controller level. Offered Storage shall have inbuilt performance management software. Configuration Dashboard shall show overall IOPS and MB/sec performance.	
1.15	Load Balancing & Multi-path	Multi-path and load balancing software shall be provided, if vendor does not support MPIO functionality of Operating system.	
1.16	Warranty	Vendor on-site support for 24x7, 3-year Support Service and Part Replacement Service Should provide original supported replacement parts and materials necessary to maintain the covered hardware product in operating condition, including parts and materials during the warranty period.	
1.17	Installation	Should provide installation and start-up of the storage system. <ul style="list-style-type: none"> • Should be installed by vendor certified engineers. • Engineer certificate should be submitted along with the proposal (minimum 2 certified engineers) to provide support during warranty period. 	

Section II (Firewall and Switches)

- Maximum Delivery Time: 60 Days for this section, delivery timeline over this will be disqualified.
- We will accept proposals of any enterprise level brand with authorized local support, which meets the features and specifications mentioned (**Specified requirement must be included in the bid document**).
- Vendors must be an authorized partner for the solution(s) they propose (documentation required). They must be also able to provide on-site support when requested.
- Vendors should specify the number of organizations/installation where proposed or similar hardware is installed by the bidder and shall submit proof of supply of same brand hardware to other organizations within last 3 years. (Bidder should submit purchase orders and letter from the organization mentioning successful implementation.)
- Installation and Configuration of the Firewall must be provided by the vendors authorized technicians only (documentation required: Certification copy, CV, Letter from organization that staff is employed at that organization and ID card / Passport Copy should be submitted of the staff).
- On the job training and certified training must be included for Firewall and Email security for minimum two staffs.
 - Certified training must include: course description, course content, official curriculum from vendor, course fee and any related expenses (if applicable), course duration, training location/city and duration, exam fee (if applicable) must be mentioned separately for each solution.
 - For certified training, vendors should quote for following courses with an exam voucher if included:
 - For firewall: Implementing Advanced Cisco ASA Security (SASAA v2. 1)
 - For email security: Securing email Cisco email security appliance (SESA)
 - **20% of the payment will be held until training is completed.**

Installation and Configuring (must provide documents)

- **Landscape diagram:** Landscape diagram for proposed data center infrastructure with labeling
- **Scope of work:** Detail scope of work should specify
- **Implementation plan:** should submit details implementation plane
 - Should provide topology diagram and configuration files
 - System Configuration, Firewall Setting Policy, and Health Policy
 - Configure the IPS, File, and Access Control Policies
 - Configure User Based Access Control Policy
- **Technical supports process:** Should submit technical support process diagram
- **Documentation:** Signing off documentation; Detailed production environment configuration and setting up manual with diagram
- **Installation:** Maximum 20 days from the date of supply

NO		Item Details	Yes/No - Proposed solution including part numbers.
1.1	Appliance	1 Nos x Cisco Firepower 2130 Master Bundle 1RU <ul style="list-style-type: none"> • 12 x 10M/100M/1GBASE-T Ethernet interfaces (RJ-45), 4 x 10 Gigabit (SFP+) Ethernet interfaces – including 2 x 10GBASE Active Optical SFP+ Cable, 3M • 1 x RJ-45 console Serial Port

1.19	Warranty	Vendor on-site support for 24x7, 2-year Support Service and Part Replacement Service Should provide original supported replacement parts and materials necessary to maintain the covered hardware product in operating condition, including parts and materials during the warranty period.	
1.20	Installation	Should provide installation and start-up of the storage system. <ul style="list-style-type: none"> • Should be installed by vendor certified engineers. • Engineer certificate should be submitted along with the proposal (minimum 2 certified engineers) to provide support during warranty period. 	

Part II – Instructions to Bidders

General Instructions

Key events and dates

The following schedule will apply for this RFP, but may change in accordance with the organization's needs or unforeseen circumstances. All changes will be informed to the bidders in advance.

- RFP Submission Date: - 8th May 2018, 1000 hrs.
- RFP must be valid through 90 days from the date of submission
- **Location of Clarification Meeting**
Aasandha Company Limited
FEN BUILDING, 3rd FLOOR,
AMEENEE MAGU, MALE'

Please note that vendors **NEED** to be present at the clarification meeting to submit a bid on the submission date. Vendors are advised to arrive early for the Bid submission meeting, as vendors will NOT be allowed to submit any Bids after the time specified above.

Communication

Applicable terms and conditions herein shall govern communications and inquiries related to this RFP between Aasandha Company Limited and vendors.

Inquiries, questions, and requests for clarification are to be directed via email to: **tech@aasandha.mv**

Any other form of communication shall be considered informal and shall have no weight, bearing, or influence in this RFP process.

Aasandha Company Limited will respond to requests for clarification and queries on the RFP, received no later than the bid submission date set forth in "Section 1.2 Key events and dates: RFP Submission Date". Any responses/clarifications (including the query, but without identifying the source of inquiry) will be emailed to all vendors no later than the date set forth in "Section 1.2 Key events and dates: RFP Submission Date".

Qualified Bidders

Any single firm (sole proprietorship, partner, company, joint venture or other legal entity registered in the Republic of Maldives) is eligible to participate Vendor's Understanding of the Bid

In responding to this RFP, the vendor accepts full responsibility to understand the RFP in its entirety, and in detail, including making any inquiries to Aasandha Company Limited as necessary to gain such understanding. Aasandha Company Limited reserves the right to disqualify any vendor who demonstrates less than such understanding. Further, Aasandha Company Limited reserves the right to determine, in its sole discretion, whether the vendor has demonstrated such understanding. That right extends to cancellation of award, if award has been made. Such disqualification and/or cancellation shall be at no fault, cost, or liability whatsoever to the Aasandha Company Limited. Aasandha Company Limited reserves the right to cancel bids for a specific section without cancelling other sections. Sections will be evaluated

independent of each other; Bids will be evaluated section by section and will be awarded as such. Sections will not be split up to be awarded to multiple vendors. A single vendor will be selected for each section.

Proposal Requirements

Qualification Criteria

The Bidder must have been in the service of this nature/IT solutions for past five (3) years in relation to supply, configuration and commissioning of IT solutions.

Aasandha Company Limited shall confirm that the following legal documents and information have been provided in the Bid. If any of these documents or information is missing, the offer shall be rejected.

Company Registration Certificate

GST Registration Certificate

Trade Permit

The Bid document shall be rejected if it fails to meet the following minimum criteria or if any of the required documents are missing.

Vendors can submit bids for a single section or multiple sections. Separately sealed, and properly bound proposals shall be submitted for each section of this RFP. Bidder shall file all documents necessary to support their proposal and include them with their proposal. Proposal package and quotations should be identifiable using the given reference numbers specified in this RFP document.

Bidder must bid for all items and related items/services in each section. If any bidder fails to provide all services and products in the intended bidding section Aasandha Company Limited shall reject the bid proposal.

Bidders who do not provide easily viewable total cost per section, a cost per section at time of opening the bid will be disqualified from the section and price will not be noted. bidders can submit a maximum of two bid's (options) for each section as long as it meets the stated requirements, if multiple options are given, vendors will have to clearly state the total price for each option for the section. If this information is not clearly stated, the vendor will be disqualified from the whole section.

Bid Format

Executive Summary: A summary of the Bidder's document and approach to the installation of systems of this kind, identifying any unique or distinctive features of the system of interest to the evaluators based on the needs specified in this document.

Bidder and/or Partner(s) overview and profile: The bidder must provide basic information on the bidder and any partners participating in the tender. This information should include, but not be limited to, the history of the organization, its experience and its experience in the IT field, technical capabilities, experience implementing similar architecture, the size of implementations and success stories. This section should also explain any partnering arrangements that have been made to respond to the proposal.

Proposal: Proposal shall be submitted in the following format and include the following information.

- Detailed description of proposed equipment/services including the manufacturer part numbers, scope of work and financial proposal shall be submitted (*valid for a period of 90 days from date of submission of the Bid*). The following should be included:

- Bid Form
 - Price Schedule Form
 - Terms and Conditions
 - Bill of Quantities – Including manufacturer part numbers and descriptions
 - Delivery and Implementation Schedule
 - Technical proposal
 - TAC Support and Warranty Details.
- Unless otherwise specified, the Bidder shall quote entirely in Maldivian Rufiyaa including all government taxes.
 - The bidder should provide approach and reference of successful implementation of similar projects and should include descriptions of project implementations they have completed. The mentioned project references must include names and contact information of the respective clients so that Aasandha Company Limited can contact and verify the project summaries. Must provide Experience Form.
 - Bidder that does not manufacture or produce the goods it offers to supply shall submit the Manufacturer’s Resale Authorization Letter, to demonstrate that it has been duly authorized by the manufacturer of the goods to resell these goods in the Republic of Maldives.
 - **Team Composition:** It is mandatory that the bidder will maintain the required technical team as deemed suitable based on the requirements and milestones. However, Aasandha Company Limited expects that the bidder would have allocated the following team compositions having specific skill sets and professional experience. Importantly, it is expected that the bidder will maintain necessary resources on-site during crucial stages of the project that requires closer interaction with Aasandha Company Limited during installation, configuration, integration, training, testing, etc. The Bidder **MUST** have at least one (1) full time brand professional certified engineer under its payroll. The bidder shall attach the professional certificate of the engineer for reference. The bidder shall submit the following documents:
 - Certification copies of the relevant training
 - Employment letter from that organization
 - ID Card OR passport copy of the engineer
 - Contact information of the staff or supervisor

Evidence of the bidder’s financial, technical and organizational capability and experience to perform the Contract;

Any other pertinent information the Bidder may wish to submit

Delivery and Installation

If at any time during performance of the contract, the successful bidder or its subcontractor(s) should encounter conditions impeding timely delivery of the agreed solution(s) and performance of services, the bidder shall promptly notify Aasandha Company Limited in writing of the fact of the delay, its likely duration and its causes(s). As soon as practicable after receipt of the vendor's notice, Aasandha Company Limited shall evaluate the situation and may at its discretion extend the vendor's time for performance, in which case the extension shall be ratified by the parties by amendment of the contract. Counting of delivery dates will start on the day the bid is awarded and award letter is handed over to the vendor. Inclusive of letter handover day.

Delivery period should be stated in calendar days, inclusive of weekends and public holidays (not only working days). If delivery deadline falls on a working day (Sunday-Thursday) latest delivery time should be 4:00pm. If delivery deadline falls on a public holiday delivery deadline will be extended to next working day 4:00pm without penalty. Vendors who bid must agree for free doorstep delivery to any location in Male'. Failure to deliver within set deadline will result in the following penalties.

1. 1.5% of total section price as awarded will be deducted per day starting on the date after delivery deadline date.
2. If delivery delays are longer than 14 days from the agreed period, Aasandha Company Limited has the right to terminate the contract as non-delivery of items.
3. If bid is cancelled due to non-delivery, vendor may be disqualified from future contracts and purchases due to non-performance, for a period of up to 2 years.
4. If the successful bidder decides to withdraw from the bid, they will be suspended from participating in any future project initiated by Aasandha Company Limited for a period of up to 2 years.

Submission of Bids

- All bids must be submitted in a sealed envelope.
- The envelopes must bear the name of the company submitting the bid and must be addressed to the bid submission address indicated below.
- All Bids should be addressed as follows:

<p>Aasandha Company Limited FEN BUILDING, 3rd FLOOR, AMEENEE MAGU, MALE' BID REFERENCE: TEN/AD/2018/003</p>
--

Additional Information

- a) Detail scope of work must be submitted with tender document.
- b) Certificate copies and reference letters may need to be verified by contacting the relevant parties. Therefore, please provide contact information with certificate copies and reference letters.
- c) All documents must be printed on one side.

Evaluation and Comparison of Bids

- **Clarification of Bids:** To assist in the examination, evaluation, comparison and post-qualification of the bids, Aasandha Company Limited may, at its discretion, ask any bidder for a clarification of its bid. Any clarification submitted by a bidder in respect to its bid and that is not in response to a request by Aasandha Company Limited shall not be considered. No change in the prices or substance of the bid shall be sought, offered, or permitted, except to confirm the correction of arithmetic errors discovered by Aasandha Company Limited in the evaluation of the bids.
- **Responsiveness of Bids:** If a bid is not substantially responsive to the Bidding Documents, it shall be rejected by the Aasandha Company Limited and may not subsequently be made responsive by the bidder by correction of the material deviation, reservation, or omission.
- **Technical Evaluation of Bids:** Aasandha Company Limited shall evaluate the technical aspects of the Bid submitted in accordance with the RFQ, to confirm that all requirements specified in the RFQ, have been met without any material deviation or reservation.
 - Sections will be evaluated independent of each other; Bids will be evaluated section by section and will be awarded to the highest qualified bidder of each section.

Evaluation Criteria:

Evaluation

Technical Evaluation

<u>Proposal Presentation</u>	<u>25</u>
Understanding and level of following the instructions in the RFP. <ul style="list-style-type: none">• Should submit Bill of Material – Including manufacturer part numbers.• Should submit Technical Compliance Sheets	5
Clarity of reference of supporting evidence and technical requirement.	10
Detail and completed work plan and schedule. <ul style="list-style-type: none">• Should submit Work Schedule• Should submit Scope of Work• Should submit Technical support plan and warranty details	5
Level of product details provided <ul style="list-style-type: none">• Should submit the bill of material• Should include the features and product capabilities	5
<u>Company Profile</u>	<u>10</u>
Company Profile, technical resources and scale of operations. <ul style="list-style-type: none">• Should submit the Company structure• Should include Team Composition – Technical and Administrative• Should provide Financial Statements (Past 1 Year)• Should provide Company Registration, GST Registration and Trade Permit• Should provide Manufacturer Authorization Letter	5
Maturity and experiencing in providing IT related services and scale of projects. <ul style="list-style-type: none">• Should submit the experience form.	5
<u>Technical Staff Profile</u>	<u>15</u>
Engineer qualification and experience to carry out the implementation of the project. <ul style="list-style-type: none">• Should submit the certifications of the engineers• Should submit the CV of the engineers	8
Bidder experience in similar products and solutions.	2
Number of staff available to implement and provide support during warranty period.	5

<u>Support and Maintenance - Mandatory</u>
Hardware replacement and warranty support from manufacturer
Local on-site support service by vendor certified engineers

Price Evaluation

<u>Price</u>	<u>50</u>
Each bidder's price is used to identify their relative position on a 0 – 50 price scale. This is done by allocating the lowest priced qualified bid 50 points and calculating the remaining bidder's score in relation to this scale.	50
